NMV College Hoshangabad (MP)
- **12<sup>th</sup> Math + Computer Science (2017-2018)**  
St. Charles Sr. Sec. School Hoshangabad (MP)

## Projects

### 1.Food Delivery Website

- **Description:** Developed a responsive web application for online food delivery using React JS for the frontend and Express JS with MongoDB for the backend.
- **Role:** Led UI development and currently contributing to backend implementation.
- **Status:** Ongoing

### 2.Hotel Booking Website

- **Description:** Designed and implemented a hotel booking platform featuring intuitive user interfaces and seamless booking experiences. Technologies include React JS, CSS, Bootstrap, Express JS, and MongoDB.
- **Role:** Worked on both frontend and backend development.
- **Status:** Completed

### 3.Post App

- **Description:** Built a cross-platform mobile application for social media posts using React Native. Integrated with an Express JS backend and MongoDB for data storage.
- **Role:** Solely developed the entire application from concept to deployment.
- **Status:** Completed
